Performance Metrics

First Contentful Paint	Speed Index	Time to Interactive
1.3 s	5.0 s	6.8 s
Optimize CSS delivery and server-side rendering.	Improve page load performance and reduce initial server response time.	Reduce JavaScript execution time and minimize main thread work.

Image Analysis: Formats/Responsive Images

Modern Image Formats

No issues found.

Suggestions:
- Convert images to WebP format
- Use AVIF for next-gen optimization
- Implement picture element for fallback support

Uses Responsive Images

No issues found.

Suggestions:
- Implement srcset and sizes attributes
- Serve different image sizes for different devices
- Use responsive images for art direction

Images Without alt Attributes

✅ All images have alt attributes.
